HIAP SENG CONTRIBUTES TO JAPAN RELIEF EFFORTS

Singapore, March 29, 2011 – Hiap Seng Engineering Ltd (“Hiap Seng” or the “Group”), a specialist integrated engineering group for the global oil-and-gas, petrochemical and pharmaceutical industries, will make a cash donation of S\$40,000 to the Japan Disaster Relief through the Singapore Red Cross Society.

Said Mr Frankie Tan, Chairman and CEO of Hiap Seng at the company’s recent 40th Anniversary Dinner: “We extend our deepest sympathies to Japan and her people following the recent devastating earthquake and tsunami. Hiap Seng has long standing working relationships with several Japanese MNCs. We hope this will contribute, in some way, to supporting Japan’s rescue and recovery efforts.”

In addition, directors, management and staff of Hiap Seng pooled a total of S\$13,065 cash for the Japan Disaster Relief.

Corporate Profile

Established in 1971 and a Main-board listed company, Hiap Seng is a specialist integrated engineering group for the oil-and-gas, petrochemical and pharmaceutical industries and is one of Singapore's leading engineering groups serving the oil-and-gas, petrochemical and pharmaceutical industries.

The Group provides engineering services covering engineering, procurement & construction (EPC) projects and plant maintenance services for the oil-and-gas, petrochemical, and pharmaceutical industries in Singapore and beyond.

The Group operates six well-equipped fabrication yards in Singapore, Malaysia and Thailand with a total land area of almost three million sq ft and a workforce of over 2,500 well-trained and skilled employees.

Hiap Seng made its maiden appearance on Forbes' list of Top 200 Asia-Pacific firms with sales under US\$1 billion in September 2010. The list, called "Best Under A Billion," selects the top-performing firms with 12,000 publicly listed companies with sales of less than US\$1 billion. Selections were based on companies' profitability, growth, modest indebtedness and future prospects.

On 13 December 2010, Hiap Seng was conferred the coveted Business Superbrands Award in Singapore. The Business Superbrands status is awarded to some of the world's strongest examples of business to business brands.
